

The Queensland Government supports students' education by providing funding for:

- Instruction, e.g. teachers
- Facilities, e.g. buildings, amenities, furniture
- Administration, e.g. staffing and resources to administer the operations of the school.

Funding does not extend to individual student resources such as textbooks, computer or musical equipment for personal use, and many items used/consumed by the student in the classroom. Supply of these items is the responsibility of parents/carers.

To provide parents/carers with a cost-effective alternative to purchasing textbooks and/or resources elsewhere, Victoria Point State High School operates a voluntary student resource scheme (SRS) under Education Queensland guidelines.

The Scheme aims to provide all students with the necessary basic textbooks and associated learning materials at considerable savings to parents/carers
